

The best selling safety eyewear in the world is now part of a multi-solution family of products offering the best in comfort, protection and style. Built with MMT— Multi-Material Technology® and a high level of adjustability, each member of the Uvex Genesis Family delivers a broad range of superior product benefits. From the classic good looks of the original Genesis to the aggressive sports styling of the Genesis X2™, to the specialized Genesis® Reading Magnifiers, there is never a need to compromise safety for style with the Uvex Genesis Family of safety eyewear.

SAFETY EYEWEAR

Genesis® Family

UVEEX™

by Honeywell

Genesis®

Engineered for comfort, protection and style, Genesis is the number one selling premium eyewear in the market, delivering an incredible range of superior product benefits. Built with MMT— Multi-Material Technology® and a high level of adjustability, Genesis provides workers with extraordinary all-day comfort and raises the bar on compliance.

Three position ratchet lens inclination adjusts to complete the fitting system and provides unsurpassed extended wear comfort.

Soft, flexible nose fingers conform to fit a variety of nasal profiles.

High Performance Protection

- Wrap-around 9-base uni-lens style for uncompromised peripheral vision and superior coverage.
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life.*
- Offers highest available impact protection. Meets ANSI Z87.1-2003 (High Impact) and military V₀ ballistic impact test (protection against impact energies 7x higher than ANSI requirements).
- Certified to meet CSA Z94.3 standards.
- Available in a wide range of lens tints to address the needs of virtually any work environment.

A unique ventilation channel, between the frame and lens, vents the eye socket area to deliver an outstanding level of moisture and fog control.

Adjustable temple length enables wearers to custom fit the eyewear to their facial profile.

Superior Comfort & Fit

- Soft elastomer browguard diffuses and deflects impact while providing comfort at all contact points.
- Soft flexible fingers on the nose piece adjust and conform to almost any nasal profile to reduce slippage.
- Adjustable temple length and lens inclination for a customizable fit.

Product Platform Advantages & Value

- Economical and easy lens replacement system allows for multiple lens tints and extends the life of the eyewear.
- Multiple models in a family offers standardization while offering workers choice.
- Lifetime frame guarantee.

Genesis XC™

The all-in-one solution in protective eyewear, Genesis XC eyewear sets the standard for extra coverage and extra comfort on the job. Its design extends protection and offers more than 180° of peripheral coverage. Additionally, its ergonomically balanced MMT — Multi-Material Technology® frame provides exceptional all-day comfort. With the Rx lens insert, it offers an alternative for workers requiring vision correction. It holds Rx lenses snugly inside the comfortable Genesis XC eyewear, shielding expensive prescription lenses from damage. The Genesis XC provides all-day comfort and coverage, and especially for prescription lens wearers, nothing protects like Genesis XC with the Rx lens insert.

Ratcheting temples permit the lenses to be tilted away from the cheeks and allow wearer to modify the angle, ensuring customized fit and comfort.

Soft, flexible nose fingers conform to fit a variety of nasal profiles.

High Performance Protection

- Extended wrap-around lens for extra cheek and extra side coverage (up to 20% more than the standard Genesis® lens).
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life*.
- Offers highest available impact protection. Meets ANSI Z87.1-2003 (High Impact) and military V₀ ballistic impact test (protection against impact energies 7x higher than ANSI requirements).
- Certified to meet CSA Z94.3 standards.
- Available in a wide range of lens tints to address the needs of a variety of work environments.

Superior Comfort & Fit

- Soft elastomer browguard diffuses and deflects impact while providing comfort at all contact points.

Cushioned temples for non-slip fit and all-day comfort. Adjustable temple length allows individual worker customization for added comfort.

Extended 9-base wrap-around lens provides up to 20% more coverage around the eyes and cheeks than the standard Genesis® lens.

- Soft flexible fingers on the nose piece adjust and conform to almost any nasal profile to reduce slippage.
- Adjustable, ratcheting temples allow customized lens inclination and fit.
- Cushioned temple tips offer all-day comfort.

Product Platform Advantages & Value

- Economical and easy lens replacement system allows for multiple lens tints and extends the life of the eyewear.
- Optional Rx lens insert holds prescription lenses securely, and accommodates a variety of Rx needs, including bifocals, trifocals and progressive lenses. With a classic screw closure, it easily fits prescriptions ranging from +3.0 to -3.0 D and offers an economical option for workers who require vision correction.
- Multiple models in a family offers standardization while offering workers choice.
- Lifetime frame guarantee.

Genesis® S (Slim)

The Genesis S (Slim) is the latest addition to the number one selling eyewear family on the market today. Adding to the comfort, performance and style of the Genesis family, the Genesis S (Slim) offers a 6% smaller frame for workers with slimmer facial profiles. Once again, we've made it easier to fit more workers with the best selling safety eyewear in the world. More faces. More choices. More compliance.

Ventilation channel between the frame and lens vents the eye socket area to deliver an outstanding level of moisture and fog control.

Ratcheting temples adjust inclination to allow customized fit.

High Performance

- Wrap-around, 9-base uni-lens style for uncompromised peripheral vision and coverage.
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life*.
- Offers highest available impact protection. Meets ANSI Z87.1-2003 (High Impact) and military V₀ ballistic impact test (protection against impact energies 7x higher than ANSI requirements).
- Certified to meet CSA Z94.3 standards.
- Available in Clear, Amber, Gray, Dark Gray, and SCT-Reflect 50 lens tints.

ORDERING INFORMATION

Easy lens replacement system and task-specific tints provide flexibility and value.

Soft, flexible nose fingers for a comfortable fit and reduced slippage.

Superior Comfort & Fit

- Frame and lens are 6% smaller than Genesis® to fit slimmer facial profiles.
- Soft brow guard absorbs and diffuses impact energy.
- Soft, flexible “fingers” on nosepiece conform to a variety of facial profiles and minimize slippage.
- Padded temple and tips provides all-day comfort.

Product Platform Advantages & Value

- Economical and easy lens replacement system allows for multiple lens tints and extends the life of the eyewear.
- Multiple models in a family offers standardization while offering workers choice.
- Lifetime frame guarantee.

Genesis[®] READING MAGNIFIERS

Genesis — the number one selling premium eyewear on the market — continues to expand its product platform with the Genesis Reading Magnifiers. Genesis Reading Magnifiers offer the best in comfort, protection and style as well as an extensive range of five magnification strengths. These reading magnifiers are an excellent choice for workers needing increased magnification for close-up inspection, fine detail work and reading smaller print. With the new reading magnifiers, the Genesis family continues to be a highly versatile line of safety eyewear that combines the simplicity of standardization with the ability to meet worker's individual needs.

Highest available impact protection as one of the only reading magnifier models certified to ANSI, CSA and Military V₀ Ballistic Test for Impact.

Replaceable lenses and the ability to swap among Genesis models provide exceptional TCO value.

Premier Performance

- Available with Ultra-dura[®] Anti-Scratch coating and five diopter strengths from +1.0 to +3.0 magnifications.
- Available in Clear, Amber, Standard Gray and SCT-Reflect 50 tints.
- Meets ANSI Z87.1-2003 (High Impact).
- Certified to meet CSA Z94.3 standards.
- Multiple models in the Genesis family offer the ability to standardize on a product family while still offering workers eyewear choices.

Superior Comfort & Fit

- Soft, flexible nasal fingers conform to a variety of facial profiles and minimize slippage.

ORDERING INFORMATION

Wide range of magnification strengths offered with five different diopters.

Premier all-day comfort with soft, high-quality elastomer nasal fingers, padded browbar and temple tips.

- Padded temple tips and cushioned browbar provide all-day comfort and diffuse and deflect impact energy.
- Adjustable temple length and ratcheting lens inclination adjustment offer a secure, customized fit.

Exceptional Total-Cost-of-Ownership (TCO) Value

- Easy and economical lens replacement system allows for multiple lens tints and extends the life of the eyewear.
- Lenses are interchangeable among models to reduce overall eyewear inventory and lowers costs. Genesis Reading Magnifier lenses can be used in the following frames: Genesis, Genesis XC™ and Genesis X2™ models.
- Lifetime frame guarantee.

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant. Uvex Dura-streme™ lenses combine our two best lens coatings on one lens: Ultra-dura on the exterior and Uvextreme on the interior to provide up to 3x* more lens life. Advanced TPE formulation performs exceptionally well in environments where chemical mist, cutting oils and high moisture are present.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.
