

## CT50 Vehicle Power Adapter

Model CT50-MC

### Quick Start Guide

#### Out of the Box

Make sure that your shipping box contains these items:

- CT50 Vehicle Power Adapter (CT50-MC)
- Quick start guide and regulatory compliance sheet

If any of these items are missing or appear damaged, contact your Customer Account Representative. Keep the original packaging in the event that you need to return the Vehicle Power Adapter (VPA) for service or if you want to store the adapter while not in use.

**Caution:** We recommend the use of Honeywell accessories and power adapters. Use of any non-Honeywell accessories or power adapters may cause damage not covered by the warranty.

*Mise en garde : Il est recommandé d'utiliser les périphériques, les cordons d'alimentation et les adaptateurs secteur conçus par Honeywell. L'utilisation de tout périphérique, cordon d'alimentation ou adaptateur secteur d'une autre marque est susceptible de provoquer des dommages non couverts par la garantie.*

#### Connect Power

The VPA supplies 2 A to the CT50. The operating temperature is -20 °C to 50 °C (-4 °F to 122 °F).

1. Insert the CT50 into the VPA cup.
2. Plug the VPA connector into the vehicle power port.

#### Charge the CT50

**Caution:** Make sure that all components are dry prior to using the computers and batteries with accessories. Using wet components may cause damage not covered by the warranty.

*Mise en garde : Assurez-vous que tous les composants sont secs avant de connecter les terminaux/batteries à des périphériques. L'insertion de composants humides risque de provoquer des dommages non couverts par la garantie.*

- Insert the CT50 with battery inserted into the VPA for at least 6 hours for a full charge.

#### FCC Part 15 Subpart B Class B

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio or television technician for help.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet helpful: "Something About Interference." This is available at FCC local regional offices. Honeywell is not responsible for any radio or television interference caused by unauthorized modifications of this equipment or the substitution or attachment of connecting cables and equipment other than those specified by Honeywell.

The correction is the responsibility of the user.

Use only shielded data cables with this system. This unit has been tested with cables less than 3 meters. Cables greater than 3 meters may not meet class B performance.

**Caution:** Any changes or modifications made to this equipment not expressly approved by Honeywell may void the FCC authorization to operate this equipment.

#### Canada

##### Industry Canada ICES-003

This Class B digital apparatus complies with Canadian ICES-003. Operation is subject to the following conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

#### Conformité à la réglementation canadienne

Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada. Son fonctionnement est assujéti aux conditions suivantes :

1. Cet appareil ne doit pas causer de brouillage préjudiciable.
2. Cet appareil doit pouvoir accepter tout brouillage reçu, y compris le brouillage pouvant causer un fonctionnement indésirable.

#### Europe

**CE** The CE marking indicates compliance to 2004/108/EC EMC Directive with Standards EN55022 CLASS B, EN55024, EN61000-3-2, EN61000-3-3. 2011/65/EU ROHS (Recast). In addition, complies to 2006/95/EC Low Voltage Directive, when shipped with recommended power supply.

Honeywell International Inc. shall not be liable for use of our product with equipment (i.e., power supplies, personal computers, etc.) that is not CE marked and does not comply with the Low Voltage Directive.

Use only shielded data cables with this system. This unit has been tested with cables less than 3 meters. Cables greater than 3 meters may not meet class B performance.

Certified to CB Scheme IEC 60950-1, Second Edition.

Refer to [www.honeywellaidc.com/environmental](http://www.honeywellaidc.com/environmental) for the RoHS / REACH / WEEE information.

**CE** La marquage CE indique que cet appareil est conforme à la Directive CEM 2004/108/CE et avec les normes EN55022 CLASSE B, EN55024, EN61000-3-2, EN61000-3-3. 2011/65/EU ROHS (Recast). De plus, il est conforme à la Directive sur les basses tensions 2006/95/EC, lorsqu'il est fourni avec le bloc d'alimentation recommandé.

Honeywell ne sera pas tenu responsable de l'utilisation de ses produit avec de l'équipement (c'est-à-dire, blocs d'alimentation, ordinateurs personnels, etc.) qui ne porte pas la marque CE et n'est pas conforme à la Directive sur les basses tensions.

Utiliser uniquement des câbles de données blindés avec ce système. L'appareil a été testé avec des câbles de moins de 3 mètres. Les câbles de longueur supérieure à 3 mètres peuvent ne pas satisfaire à la performance de la classe B.

Certifié CB CEI 60950-1, deuxième édition.

Reportez-vous à la page [www.honeywellaidc.com/environmental](http://www.honeywellaidc.com/environmental) pour obtenir des renseignements concernant les directives RoHS/REACH/WEEE.

**CE** La marquage CE apposée sur ce dispositif atteste qu'il est conforme à la Directive CEM 2004/108/CE et aux normes EN55022 CLASSE B, EN55024, EN61000-3-2, EN61000-3-3.

2011/65/EU ROHS (Recast). En outre, s'il est fourni avec l'alimentation recommandée, ce dispositif est conforme à la Directive « basse tension » 2006/95/CE.

Honeywell ne peut pas être tenu responsable des éventuelles conséquences de l'utilisation de ses produits avec des équipements (modules d'alimentation, ordinateurs personnels, etc.) ne comportant pas la marque CE et non conformes à la Directive sur les basses tensions.

Utilisez uniquement des câbles de données blindés avec ce système. Ce dispositif a été testé avec des câbles de moins de 3 mètres. Il est possible que les câbles de plus de 3 mètres ne permettent pas d'atteindre des performances de classe B.

Certifié selon la norme CEI 60950-1 seconde édition (schéma OC).

Reportez-vous au site [www.honeywellaidc.com/environmental](http://www.honeywellaidc.com/environmental) pour obtenir les informations sur les directives RoHS/REACH/WEEE.

**CE** La marcatura CE indica conformità ai sensi della direttiva EMC 2004/108/EC con gli standard N55022 Classe B, EN55024, EN61000-3-2, EN61000-3-3. 2011/65/EU ROHS (Recast). È conforme inoltre ai sensi della Direttiva bassa tensione 2006/95/EC se spedito con l'alimentatore consigliato. Hand Held Products Europe B.V.

Honeywell declina ogni responsabilità per l'utilizzo del prodotto con dispositivi (ad esempio alimentatori, personal computer ecc.) non contrassegnati dal marchio CE e non conformi alla Direttiva Bassa Tensione.

Utilizzare solo cavi dati schermati con questo sistema. Questa unità è stata testata con cavi di lunghezza inferiore a 3 metri. I cavi di lunghezza superiore a 3 metri potrebbero non essere conformi alle prestazioni di classe B.

Certificato in base allo Schema CB IEC 60950-1, seconda edizione.

Consultare il sito web [www.honeywellaidc.com/environmental](http://www.honeywellaidc.com/environmental) per informazioni su RoHS/REACH/RAEE.

**CE** Die CE-Kennzeichnung wird die Einhaltung der EMV-Richtlinie 2004/108/EG mit den Normen EN55022 Klasse B, EN55024, EN61000-3-2, EN61000-3-3 angezeigt. 2011/65/EU ROHS (Recast). Ferner entspricht dieses Gerät der Niederspannungsrichtlinie 2006/95/EG, wenn es mit dem empfohlenen Netzteil geliefert wird.
