MICRO SWITCH™ DTE6/DTV6 Enclosed Basic Switch
Product Nomenclature

Honeywell

For example, a **DTE6-2RN2** part number would define a DTE6 side-mount die-cast zinc enclosed basic switch with 10 A circuitry, DPDT with a standard contact, adjustable roller lever, and boot seal.

DT — **E6** — **2** — **R** — **N**

Switch Type	Enclosure Type	Contact Gap	Contact	Plunger Type	Actuator Modifications
DT Series Enclosed Basic Switch DPDT, 10 A	**E6** Side mount, die-cast zinc	**2** 0.020 in	**R** Standard	**N** Seal boot	Pin plunger
