

Mid Range Precision Miniature Load Cells

Model 31 Mid

008630

Issue 2

Datasheet

DESCRIPTION

The Model 31 mid range, precision miniature load cells measure both tension and compression with options covering 10N to 5 kN / 1000 g to 1000 lb.

The Model 31 is a durable miniature load cell with capability of high accuracies of 0.15 % to 0.2 % full scale. Welded, stainless steel construction is designed to minimize or eliminate the effects of off-axis loads.

Each bonded strain gage unit is built of welded 17-4 PH stainless steel for additional durability. This, combined with a reliable internal design provides enhanced long-term stability.

Further optional modification can permit this model to be completely welded for potential use in underwater applications.

VALUE TO CUSTOMERS

- Enhanced accuracy of 0.15 % to 0.2 %
- Newton, gram, and pound force ranges available

FEATURES

- 10 N to 5 kN / 1000 g to 1000 lb
- mV/V output
- Stainless steel
- Male thread attachments
- Miniature design

POTENTIAL APPLICATIONS

- Cable tension
- Industrial process control
- Medical control systems
- Medical equipment testing
- Pharmaceutical process or product control
- Semiconductor/electronics testing
- Aerospace testing

PORTFOLIO

Honeywell's miniature and subminiature load cells are designed to fit into systems and applications with limited space or tight clearances. Constructed of rugged stainless steel for precise measurements and excellent long term stability and reliability under harsh operating conditions, these load cells are designed to eliminate or reduce to a minimum the effect of off-axis loads. To view the entire product portfolio, click [here](#).

Mid Range Precision Miniature Load Cells, Model 31 Mid

Table 1. Performance Specifications

Characteristic		Measure
Load ranges		10 N, 20 N, 50 N, 100 N, 200 N, 500 N, 1 kN, 2 kN, 5 kN 1000 g, 5 lb, 10 lb, 25 lb, 50 lb, 100 lb, 250 lb, 500 lb, 1000 lb
Non-Linearity	10 N to 1 kN, 1000 g to 250 lb	±0.15 % full scale
	2 kN to 5 kN, 500 lb to 1000 lb	±0.2 % full scale
Hysteresis	10 N to 1 kN, 1000 g to 250 lb	±0.15 % full scale
	2 kN to 5 kN, 500 lb to 1000 lb	±0.2 % full scale
Non-repeatability	10 N, 1000 g	±0.1 % full scale
	20 N to 5 kN, 5 lb to 1000 lb	±0.05 % full scale
Output (tolerance)	10 N, 1000 g	1 mV/V nominal
	20 N to 5 kN, 5 lb to 1000 lb	2 mV/V nominal
Operation		Tension/compression ³
Resolution		Infinite

Table 2. Environmental Specifications

Characteristic	Measure
Temperature, operating	-55 °C to 125 °C [-67 °F to 257 °F]
Temperature, compensated	15 °C to 71 °C [60 °F to 160 °F]
Storage temperature	-73 °C to 148 °C [-100 °F to 300 °F]
Temperature effect, zero	±0.01 %FS/°C [±0.005 %FS/°F]
Temperature effect, span	±0.01 % reading/°C [±0.005 % reading/°F]

Table 3. Electrical Specifications

Characteristic	Measure
Strain gage type	Bonded foil
Excitation (calibration)	5 Vdc ≤ 50 N/10 lb 10 Vdc ≥ 100 N/25 lb
Insulation resistance	5000 Mohm @ 50 Vdc
Bridge resistance	350 ohm
Zero balance	±1 %FS max.
Electrical termination (std)	Teflon® cable (1,5 m [5 ft])

Table 4. Mechanical Specifications

Characteristic	Measure
Maximum allowable load	150 %FS ¹
Weight	see table
Material	17-4 PH stainless steel
Deflection full scale	see table
Natural frequency	see table

Table 5. Wiring Codes

Cable	Unamplified
Red	(+) excitation
Black	(-) excitation
Green	(-) output
White	(+) output

Table 6. Range Codes

Range Codes	Range	Range Codes	Range
AR	1000 g	MH	10 N
AT	5 lb	MI	20 N
AV	10 lb	MK	50 N
BL	25 lb	ML	100 N
BN	50 lb	MM	200 N
BR	100 lb	MY	500 N

NOTES

1. Allowable maximum loads - maximum load to be applied without damage.²
2. Without damage - loading to this level will not cause excessive zero shift or performance degradation. The user must consider fatigue life or long term use and structural integrity. All structurally critical applications (overhead loading, etc.) should always be designed with safety redundant load paths.
3. Standard calibration for tension/compression load cells is in tension only.
4. Consult factory for extended operation above 125 °C [257 °F].
5. Option 6i may increase the load cell height and/or diameter. Consult factory.
6. See Figures 1 and 2 to match the mounting interface option with the range code.
7. Maximum operating temperature for options 53s and 53t is 85 °C [185 °F].
8. TEDS IEEE 1451.4 module installed at end of cable.

⚠ WARNING PERSONAL INJURY

DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

Failure to comply with these instructions could result in death or serious injury.

⚠ WARNING MISUSE OF DOCUMENTATION

- The information presented in this product sheet is for reference only. Do not use this document as a product installation guide.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

Warranty/Remedy

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective.

The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.

While we provide application assistance personally, through our literature and the Honeywell web site, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.
