

Room electronic module EM 340 with bed databus, silver

Part-No.: 72575P1

Room electronics module EM 340 with integrated design signal lamp, designed with four lamp chambers in electricity-saving LED technology. Serves as a controller for patient rooms and functional rooms without a voice function with connection options for call and cancelling units incl. call group monitoring. Equipped with a service socket for the configuration module, selector switch for standby current/operating current, VDE-compatibility mode and switch-off option of the signal lamp. Allocation of an 8-digit alphanumeric text for the room and the bed units. Improved commissioning due to local configuration options (e.g. addressing of bed bus) via service button and extended remote access functions. Easy assembly due to service-friendly plug-in technology in conjunction with related connection board. Upgradable to future system firmware due to forward-looking flash technology. Design with bed bus for the connection of active bed bus components. Signal lamp in electricity-saving LED technology with long service life. Bed identification for two beds with call group monitoring. Signal lamp that can be switched off. Standby current/operating current option. Compatibility mode for DIN VDE 0834: 1991 | from 2000. Service an remote access functions. Compatibility mode for Clino Opt 99, Clino Phon 99, System 99plus, Systevo Call Ackermann. Optionally implementable: Relay and buzzer unit

Features:

- Room calls: Normal call, emergency call, diagnostic call, doctor call
- 2 calls for individual bed
- WC calls: normal call, enhanced call, WC emergency call
- Cancellation and presence: Combined cancellation/presence, presence AW1 (green), separate cancellation for bathroom-WC
- Acoustic signals: Call transfer for normal call and emergency call, doctor call, staff call, meal call
- Control of optical signals: WC call lamp (white), room call lamp (red), AW (cancellation and presence) lamps (green and yellow)
- Security function: Short-circuit resilient, call circuit monitoring

Mounting	surface mounting
Material	PC + ABS - FR
Color	silver, similar to RAL 9006
Dimensions	W: 120 mm H: 120 mm D: 47 mm (incl. connection board)

Accessories:

- 72575Z1 Connection board for EM 340 with/without bed databus, silver
- 72556T1 Adapter for the name plate 72566S1, RAL 9006
- 72556S1 Name plate RAL 9006 for LED lamps
- 72556L1 Lighting for the name plate
